

Prepare Now, Avoid Panic Later

Join us at this fundraiser to hear about fire planning and evacuation safety to protect our homes and hills.

During this two hour educational workshop, firefighter and EMT David Byrne will provide information on the **Ready, Set, Go program**; outline the types of decisions you need to make now to be prepared for a fire later; and he'll relay stories from the field. Get your questions answered. The recent fires remind us no one else is providing residents with resources.
